Christmas Court Lunch

*Thursday 11th December 2025
Bakers' Hall*

You are invited to attend the Christmas Court Lunch of the Worshipful Company of Water Conservators at Bakers' Hall, Harp Lane, London, EC3R 6DP

The Christmas Court Lunch is traditionally for Court Members and their consorts/partners only, with special guests. This year, owing to a clash of commitments, our sponsored RAF unit No. 1 AIDV were not able to attend the Michaelmas Court Lunch, so the Master has graciously invited their Officer Commanding to the Christmas Lunch where we will present the Air Cartographer of the Year Award. In addition, we will welcome new joiners to the Company, and their family/friends, via an Admission Ceremony which will take place after the Court Meeting.

Reception drinks will be served from 12.15pm to 12.45pm followed by a Festive Christmas Lunch.

*Places may be reserved by e-mailing Chris Millett via: clerk@waterconservators.org
giving the names of those attending and any dietary restrictions. The cost is £95 p/head.
The closing date for booking is Friday 28 November 2025.*

No. 1 Aeronautical Information Documents Unit (AIDU)

Air Cartographer of the Year – Sgt Grugan RAF

No 1 Aeronautical Information Documents Unit (AIDU) has a mission to provide timely, relevant and accurate aeronautical information in support of defence objectives. As part of the National Centre for Geospatial Intelligence, No. 1 AIDU compiles and distributes Aeronautical Information to all MOD aviation assets as well as Partners Across Government (PAG) and allies worldwide.

Increasingly, Aeronautical Information is required digitally, so No. 1 AIDU compiles data formats/images for specific uses. Around one million products per annum are printed externally and distributed to customers across the globe.

Since 1999, the unit has continually held a certificate of excellence from the British Standards Institute (BSI) for compliance with the ISO 9001 Quality Management Systems standard.

Based at RAF NORTHOLT in West London, No. 1 AIDU provides key mission support to various essential operations, solidifying its relevance in today's modern defence.
